Yes, my account is current. Please enroll me in the GEUS Equal Payment Plan beginning with my next month's bill and continuing each month through the next ELEVEN months. I will pay the equal payment amount as calculated by the Utility Billing Office.

I understand that I must stay CURRENT and I will "settle-up on the TWELTH month for any underpayment or overpayment which may result from these Equal Payments. I will pay the actual amount billed in case of any underpayment during the past eleven months. The Utility Billing office will issue a credit to my account with the twelfth bill in case of an overpayment during the past eleven months.
