(Chicago, Illinois)-The Government Finance Officers Association of the United States and Canada (GFOA) has awarded the Certificate of Achievement for Excellence in Financial Reporting to **Greenville Electric Utility System** for its annual comprehensive financial report for the fiscal year ended September 30, 2022. The report has been judged by an impartial panel to meet the high standards of the program, which includes demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial story and motivate potential users and user groups to read the report.

The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management.

The Government Finance Officers Association (GFOA) advances excellence in government finance by providing best practices, professional development, resources, and practical research for more than 21,000 members and the communities they serve.

In 1891, GEUS became the first municipally owned electric utility in Texas. More than a century later, in 2001, it also became the first municipally owned cable television and high-speed internet operation in the state. GEUS provides these services to over 30,000 consumer-owners in the Greenville, Texas area, which is about 50 miles east of Dallas. One of the unique aspects of GEUS is that it is governed by an autonomous board of trustees appointed by the Greenville City Council. This structure was made possible by the Texas Legislature in 1989. To learn more about GEUS' 130+ years of public power history or the services it offers, please visit its website at www.geus.org
